

# Trinity - by Steve Long (2003)

*{strum without pick; D\* denotes alternate 2<sup>nd</sup>/3<sup>rd</sup> frets on high E string}*

## CHORUS

D\*

Oh Trinity, I don't know where I'd be without you

Em G A D

Winding down the narrow path, without a light along the way

D\*

Oh Trinity, it couldn't be the life we've made now

Em G A D

The three-in-one is critical, to all we do today.

A G D  
God as a parent, gives us so much love

A G D  
Our Creator shows us all of nature and the joys

Em A Em  
But yet our Parent also lets some problems in around us

G Em A D  
For it's not to be a journey without some bumps along the way.

## [CHORUS]

A G D  
Jesus shows us joyful living at its finest

A G D  
Christ taught disciples healed the sick, even you and me

Em A Em  
The stories that were told make the messages much clearer

G Em A D  
Love each other, show it in all you do each day

A G D  
The Spirit has always been the hardest concept for me

A G D  
How can a ghost be with us, helping us in all we do?

Em A Em  
But when we open up our lives and let God enter in us

G Em A D  
The Spirit works such special acts for each of us today

## [CHORUS with tag line below]

Em G A D  
The Parent, Child and Spirit are the focus of each day.
